

Child Passenger Safety Websites

Pennsylvania Traffic Injury Prevention Project (TIPP):

www.pakidstravelsafe.org

TIPP provides information and materials regarding car seat, seat belt, bicycle, pedestrian, school bus, special needs, and teen driver safety. TIPP provides educational and technical training and assistance and serves as a highway safety resource throughout Pennsylvania.

American Academy of Pediatrics:

<http://www.healthychildren.org/English/safety-prevention/on-the-go/Pages/Car-Safety-Seats-Information-for-Families.aspx>

Proper use of car seats keeps children safe. The type of seat your child needs depends on several things, including the child's age, size, and the type of vehicle you have. This site provides a list of car seat seats, car seat manufacturers, and installation tips.

Centers for Disease Control and Prevention:

https://www.cdc.gov/child-passenger-safety/about/?CDC_AAref_Val=https://www.cdc.gov/transportationsafety/child_passenger_safety/index.html

The Centers for Disease Control and Prevention (CDC) provides information on risk factors for child passengers, strategies to increase the use of car seats and booster seats, and guidelines for selecting an appropriate seat.

Federal Aviation Administration (FAA):

https://www.faa.gov/travelers/fly_children/

The FAA urges caregivers to secure children in a child restraint system or device for the duration of the flight to assure a safe arrival. The FAA provides information needed to make informed decisions for a safe travel plan.

Insurance Institute for Highway Safety (IIHS):

<https://www.iihs.org/topics/child-safety>

The Insurance Institute for Highway Safety is an independent, nonprofit scientific and educational organization dedicated to reducing deaths and injuries from motor vehicle crashes through research and evaluation.

National Child Passenger Safety Board:

<https://www.cpsboard.org/resource-center/#connect-in-english-other-languages>

The National Child Passenger Safety Board has compiled a list of agencies with child passenger safety information in English and other languages.

National Highway Traffic Safety Administration:

<https://www.nhtsa.gov/road-safety/child-safety>

The National Highway Traffic Safety Association (NHTSA) provides answers to questions about car seat selection, installation, best practice recommendations and recalls. The website also addresses safety recommendations for children on the move, including back to school, pedestrian, bicycle, school bus, and seat belts.

<https://www.nhtsa.gov/recalls>

Car Seat recalls are listed and can be found by entering the car seat manufacturer's name and model. You can also sign up to receive email notifications about car seats, tire and vehicle recalls.

Pennsylvania Department of Transportation (PennDOT):

<https://pa.gov/agencies/penndot/traveling-in-pa.html>

PennDOT encourages motorists to avoid life-threatening behaviors such as not wearing a seat belt, driving impaired and/or driving aggressively and encourages all adults to take the responsibility of keeping children safe when riding in a vehicle. Information found on the website includes the following topics: distracted driving, impaired driving, driver safety tips, vehicle maintenance, and law enforcement initiatives.

Riley Children's Hospital Automotive Safety Program:

<https://preventinjury.medicine.iu.edu/adaptive-transportation>

The Automotive Safety Program is a national leader and expert in the transportation of children with special health care needs. All children deserve to be protected in restraint systems appropriate for their size and development. Some children who have certain medical conditions or procedures require special consideration when selecting restraints. This site contains basic information about transporting children who have special health care needs.

Wheelchair Safety / University of Michigan Transportation Research Institute (UMTRI):

<https://wc-transportation-safety.umtri.umich.edu/>

The UMTRI Wheelchair Transportation Safety website provides information on wheelchair safety standards, crash-tested product lists, educational materials, safety tip handouts, and FAQs. The information and resources are provided to improve safety for occupants who must travel in a wheelchair.

Child Passenger Safety Materials

Educational materials offer parents and caregivers the information needed to become knowledgeable about the best practice recommendations for the correct selection and use of car seats, booster seats, and seat belts. The following materials are available, in packs of 50. Additional materials on Pennsylvania Law and child passenger safety reflecting best practice recommendations can be found on the TIPP website. The materials listed below can be ordered by completing the form and returning to PA TIPP with your survey.

**Additional materials can be ordered by calling 1-800-CAR BELT
or by visiting our website at www.pakidstravelsafe.org.**
