

**Jointly Sponsored by the:**  
PA Chapter American Academy of Pediatrics  
Traffic Injury Prevention Project  
and  
Pennsylvania Department of Transportation

## Webinar Child Passenger Safety

**The PA Traffic Injury Prevention Project  
funded by a grant from the Pennsylvania Department of Transportation  
is hosting a Webinar on Thursday, February 24, 2022**

*Join your colleagues for a presentation by and discussion with:*

**Speaker: Julie Mansfield, CPST, Research Assistant Professor at the Injury Biomechanics Research Center, Ohio State University**

**Moderator: Mary Jo Clark, MD, FAAP—Children's Community Pediatrics - Mountain View, Pediatric Advisor to the PA AAP Traffic Injury Prevention Project**

### **Heads, Shoulders, Knees and Toes: How Pediatric Anatomy Affects Injuries**

**Date: Thursday, February 24, 2022      Time: 12:15 - 1:30 PM**

**Register On-line:** <https://www.surveymonkey.com/r/LetsTalkCPS2022>

**Or Send Completed Form by Fax: 484-446-3036 or Email: [aosterhuber@paaap.org](mailto:aosterhuber@paaap.org)**

**Webinar link and dial in number will be emailed prior to the event.**

**Questions? Email [aosterhuber@paaap.org](mailto:aosterhuber@paaap.org)**

**Intended Audience:** Pediatricians, Physician Assistants, Nurse Practitioners, Nurses, Office Managers, Office Staff and certified child passenger safety technicians/instructors

**Objectives — At the conclusion of the activity, participants will be able to:**

- Learn about the physical development of the pediatric head, brain, spine, and lower extremities.
- Explore how these body regions are different from adults in terms of geometry, strength, and crash injury outcomes.
- Discuss how different types of child restraint systems protect children at each developmental stage.
- Review science-backed guidelines for safety advocates and medical professionals to incorporate into their education with caregivers.

**Jointly Sponsored:** In support of improving patient care, this activity has been planned and implemented by the University of Pittsburgh and the Pennsylvania Chapter of the American Academy of Pediatrics. The University of Pittsburgh is jointly accredited by the Accreditation Council for Continuing Medical Education (ACCME), the Accreditation Council for Pharmacy Education (ACPE), and the American Nurses Credentialing Center (ANCC), to provide continuing education for the healthcare team.

**Physician (CME):** The University of Pittsburgh School designates this live activity for a maximum of 1.25 *AMA PRA Category 1 Credits™*. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

**Nursing (CNE):** The maximum number of hours awarded for this Continuing Nursing Education activity is 1.25 contact hours.

**Other Healthcare Professionals:** Other health care professionals will receive a certificate of attendance confirming the number of contact hours commensurate with the extent of participation in this activity

This webinar has also been approved for 1.0 CEUs for CPS Re-Certification by the National Safe Kids Certification Program. (ID#: 7260)

PA Chapter AAP, Rose Tree Corp. Ctr. II, 1400 N. Providence Rd, Ste. 4000, Media, PA 19063.

## Let's Talk: Child Passenger Safety

### Heads, Shoulders, Knees and Toes: How Pediatric Anatomy Affects Injuries

**Description:** Children's bodies grow and change at a rapid rate, which makes it difficult to find patterns in their biomechanical responses in crashes. This presentation will cover several key aspects of children's physical development and their implications on crash injury outcomes. We will discuss how safety advocates and medical professionals can incorporate science-backed recommendations into their interactions with caregivers.

#### Registration Form

Please include me in the webinar on **Thursday, February 24, 2022, 12:15-1:30 PM.**

**To Register On-line:** <https://www.surveymonkey.com/r/LetsTalkCPS2022>

or

**Fax this registration form to (484) 446-3036 or e-mail to [aosterhuber@paaap.org](mailto:aosterhuber@paaap.org)**
